Work Experience:

Progressive ins Co. Austin, TX – Claim Representative Sept 2018- April 2021.

Team Based Handling - Claim's Licensed Adjuster, promoted on July 7, 2019

- As a team-based handling representative, my main objective was to handle animal and non-complex weather claims by completing the claim investigation process to assure coverage is in line with customer's policy.
- Take incoming calls as well as making outbound calls to customers to make initial contact and provide additional contact if needed to resolve the claim.
- It was my responsibility to schedule and make any payments that need to be issued under the claim.
- As a claims Adjuster, the ability to multi-task, handle large workloads and staying organized was my main priority when logging into work.
- In my department I am also part of the mentor on-boarding program for newly hired representatives.

Claim Loss Reporting Unit – Bilingual Spanish Representative Sept 2018- July2019.

- As a CLRU representative my main objective is to provide the customer with a smooth and simple claim filing process.
- Make sure to target and fulfill customer needs to the best of my ability by identifying the current damage to vehicles and make fast and appropriate decisions based on the status of the customers' needs. For example: scheduling car rental reservations, inspections, repairs, and providing tow assistance.
- Educate customers if unfamiliar with the report claim process.
- Helping my team members with any questions or concerns. For example, learning from side-by-side observations and collaborations.

Afterschool Centers on Education (ACE) with Austin Independent School District Austin, TX 2015- Sept 2018.

Program Assistant/ Program Instructor

- Began as a program instructor, taking charge of the craft club and a Pre-k group. After a few months working with ACE, I was promoted to Program Assistant. I'm in charge of inputting all the daily students' attendance into the system, making informational flyers for parents. I also prepare daily lessons for the program's instructors with attendance rosters and class instructions.
- Took care of any behavior or conduct troubles, accidents, and bullying issues the students may experience while in class.
- In charge of the afterschool program when the program's director is out.

Education:

Certifications:

The University of Texas at Austin – Full Stack Web Development Certificate - Austin, TX October 2021

- Attended a 24-week intensive Coding Boot Camp with UT Austin and obtained a full-stack Web Developer certification.

Texas Department of Insurance – April 2021

- Claim adjuster license

Highschool:

William B. Travis High School - Austin, TX June 2015

- Graduated high school June 4, 2015 and was part of school related organizations.
